Dear Michele,

Sorry I was too tired last evening after a trip to Johns Hopkins to sign and return this release in the manner you requested.

I sign the release subject to the agreement between Phil and me as to what I do not want to be part of. As he can tell you, I agreed to accept his judgement on that.

If Phil believes that the show is what I've explained to him I do not want to be part of and am not, this reservation also means that under those circumstances I would be not be used to promite the show in any way.

Sincerely,

Harold Weisberg
